Cyber Awareness Month

October marks the start of K–12 Cyber Awareness Month, a province-wide initiative that reinforces the importance of safe, responsible, and informed digital practices across our school communities.

In education, where protecting student data, staff systems, and online safety is critical, cyber awareness is not optional—it’s essential. This month is an opportunity for all of us to strengthen our collective understanding and habits around cybersecurity, privacy, and digital well-being.

Common Childhood Illnesses

We are entering into the season of sickness and, we want to make sure that everyone stays healthy through the fall and winter. The Chatham Kent Public Health Unit has published a guide to help families determine what steps are best when their child(ren) are sick. This guide can be located in the Documents folder on the school website, or by following the link here:

School Council

Our first meeting of the school year took place this past Monday. Due to a low turn out, we have postponed elections until our next scheduled meeting on Thursday, October 23rd at 6:30 pm in the Learning Commons/Library. We welcome all parents and guardians to the meeting, whether you’ve been before or not; please join the group.

Once again this year, we will be looking for people who are interested in the following positions: School Council Chair, Secretary, Special Events Coordinator, and Fundraising Chair. An attached flyer will help to understand these positions for your consideration.
